How Do We Know...?

How do we know whether a child's sexual behavior is natural and healthy or a reason for concern? If there is reason for concern, then what should we do? In response to these important questions, the CAC and its partner agencies have been collaborating to educate ourselves and to improve our response to children ages 12 and under who are displaying sexual behaviors.

Curiosity and exploration are a normal part of every child's development, but some sexual behavior requires adult attention and intervention. And, sometimes, young children with concerning sexual behavior "fall through the cracks" in the system. This means that opportunities for critical and effective intervention may be missed.

To assist caregivers and professionals, the CAC has developed a

Team CAC Runs the Boston Marathon

Runners for the Children's Advocacy Center of Suffolk County went the distance for children ... 26.2 miles to be exact!

We would like to congratulate all of the participants in the 113th annual Boston Marathon, with a special thanks to **Chris Adams, Thayer Christodoulo, Caren Donovan, David Fredette, Elizabeth Green, Barrett Hyde, Allison Sable and Jamie Viggiano** for their fundraising efforts. ([Click here](#) for individual runner stats and results!)

The CAC was proud to have the support of 8 runners in the 113th Boston Marathon, and we hope to grow this tradition in the 2010 race.
