

**children are sexually
abused before age 18.**

How can I help?

Paint 1 fingernail blue in April, to represent 1 in 10 children, for [#ChildAbuseAwarenessMonth](#)

Take a photo of your nails & post it on social media using [#1in10](#) (don't forget to tag us!)

Use your manicure as a prompt to tell others about the prevalence of child abuse & how the CAC helps. The CAC is Suffolk County's only not-for-profit organization coordinating the multidisciplinary response to reports of child sexual abuse, so that every child and family can focus on healing.
